

\$1750

Your cost: application to registration.

Includes all government fees.

GST/HST, as applicable, extra for Canadians.

Included: A trademark application from first consultation through to registration. We advise you on registrability, draft and file the application, report and respond to examiner's reports, and if the application is allowed and is not opposed, report allowance, assist you to declare use (where applicable), pay all government fees, and report the registration to you.

Requirements to be eligible for this program:

- The mark must be registrable. For instance, it must not be clearly descriptive. We will advise you if your proposed mark does not qualify.
- You must be entitled to register the mark. For instance, the mark must not be confusingly similar to a registered mark or pending application. We will advise you if you are not entitled.
- If the application is based upon proposed use you must provide evidence of use by the prescribed deadline to secure the registration.

Not included:

- A guarantee of success. We undertake to prosecute the mark to the best reasonable outcome under the circumstances, but cannot guarantee successful registration. In particular, as this program does not include an availability search, no opinion as to availability is included.
- Opposition or any other contentious proceeding.
- Extensions of time.
